ARTICLES

A B C of the national shipping bill..... 668
Aba: First motor passenger liner. A. P. Chalkley *31
Aberdeen Line: Passenger and cargo steamer Diogenes (photograph)..... *572
Ackerson, J. L.: Prospects for American shipbuilding 352
Ackerson, J. L.: Selection of the best kind of propelling machinery..... 780
Actien Gesellschaft Weser: Passenger liner Rasolute *293
Adams Boat Line: Motorship Jeannette Scott *788
Adamson, N. E.: United States Navy's research of ship bottom paint.....511, 574
Adjustments of the compass. C. H. Peabody *439
Admiral Line: Conversion of 11 ships planned (N) 271
Admiral Line: H. F. Alexander passenger accommodations 623
Admiral Line vessels to be made into motorships (N) 401
Admiral Taylor to resign on July 1..... *396
Agamemnon and Mount Vernon, plans for reconditioning (N) 337
Air drill operation, Devices designed to cut cost of *502
Air grinders, Wire brush attachment for: Chicago Pneumatic Tool Co..... *543
Air port: Steward Davit and Equipment Corporation *25
Air register: Coen Company..... 768
Airships, Longitudinal strength of rigid. William Hovgaard 777
Alca, motorship with non-reversing engine. *127
Alcyone, Diesel electric schooner yacht. H. C. Coleman *433
Alderton Company: Overhauling electric drive ship Invincible (N)..... 595
Alderton Dry Docks Company: Repairing steamer Manitowoc (N)..... 801
Alderton Dry Docks Company: Repairs to steamship Liberty (N)..... 797
Alex Dussel Iron Works: Steel bulk oil barges (N) 735
Alien propaganda against American ships. W. L. Marvin..... 475
Allan, R.: Canadian Pacific coastwise steamer Princess Louise..... *483
Aloha completes cruise around the world, Auxiliary steam yacht..... *436
Amendments to constitution adopted by Society of Naval Architects and Marine Engineers 778
America develops new Atlantic passenger service *303
American Car and Foundry Company: Two path electric heater..... *504
American coastwise motor tug. E. A. Edwards *125
American Engineering Company: Electric windlasses for motor boats..... *769
American farmers and American ships. W. L. Marvin 411
American-Hawaiian Steamship Company: Motorships Californian and Missourian.. *69, 93, 556
American Institute of Electrical Engineers, Marine committee holds third annual dinner (N) 403
American Legion class ships, Machinery and trials of. R. Warriner..... 778
American Manganese Bronze Company: Casting metals by the centrifugal process 770
American Marine Association: exhibit space 451
American Marine Week and the Marine Exposition.....*471, 539, 603, 687, 757
American-Mediterranean Steamship Company: Cargo motor-ship Fordonian..... *111
American motorships Californian and Missourian, New *93
American Ship and Commerce Corp.: Steamships Brabantia and Limburgia (N) 141
American shipbuilding, Prospects for. J. L. Ackerson 352
American Shipbuilding Company: 600-foot Great Lakes Steamship (N)..... 401
American Shipbuilding Company: Steel freighter (N) 527
American Shipbuilding Company: Steel cargo carrier (N)..... 593
American Shipbuilding Company: Two passenger steamers (N)..... 659
American shipbuilding returns for 1921.... 27
American shipbuilding, Standardization as affecting. E. H. Rigg..... 749
American shipowner, Operating problems of. Eugene E. O'Donnell..... 353
American shipping, Simplified practice as a service to. R. M. Hudson..... 746
American ships now operating on economical basis. R. E. Annin..... 8
American Steamship Owners' Association: Annual meeting of (N)..... 208
Anchor-Donaldson Line: Steamship Athenia 168
Anchor Liner Tuscania, 17,300-ton..... *613
Anglia, Channel steamer (photograph)..... *292
Annin, R. E.: American ships now operating on economical basis 8
Annin, R. E.: Economical steamship operation and management 83
Annin, R. E.: Notes on dead freight, detention and demurrage 541
Annin, R. E.: Standardizing ocean bills of lading 607
Annin, R. E.: The fuel question..... 159
Application of Dyson's method to propellers of ocean-going merchant vessels. E. A. Stevens, Jr. 774
Application of electricity to deck and engine room auxiliaries. C. H. Giroux..... 239
Application of lubricants..... 201
Appropriation recommended for Shipping Board 81
Appropriations asked for marine work in 1922 (N) 143
Appropriations recommended for Government port and river work (N)..... 70
Arches and retarders for oil-burning furnaces *651
Army dredges supplied with Diesel electric drive *781
Army transport U. S. Grant, Sea trial..... 501
Ask your congressman to support the shipping bill. "Old Scotch" 283
Athenia, steamship: Shipping and shipbuilding in Great Britain. W. H. Wendon.... 167
Atlantic Basin Iron Works: Repairs to steamship Susquehanna (N)..... 801
Atlantic Coast Shipbuilders' Association holds annual convention (N)..... 403
Atlantic Gulf Oil Company of New York: Mooring and maintenance tender Tacomonte *430
Atlantic Intercoastal Conferences (P)..... 474
Atlantic Liner Montclare..... *700
Atlantic passenger service, America develops new *303
Atlantic Refining Company tanker R. D. Leonard *301
Australian liner Moreton Bay..... *422
Automatic drain and relief valve: Diel-More Sales Company, Inc. *189
Automatic locking safety port hole: Mercantile Specialties Company..... *130
Automatic oil shut-off for boilers. Todd Shipyards Corporation *330
Automatic steering. E. A. Sperry..... 771
Automatic water level adjusting device for boilers *514
Auxiliaries, Application of electricity to deck and engine room. C. H. Giroux.... 239
Auxiliary machinery on motorship Domala, list of *104
Auxiliaries on merchant ships, Electric. E. D. Dickinson *315
Auxiliary schooner yacht Guinevere..... *23
Aztic, Repairs to steamer (N)..... 735

B. F. Sturtevant Company: Sea speed engine 769
Baltic American Petroleum Import Company: Motor tank ship Zoppot..... *113
Baltimore port development (N)..... 339
Barber Steamship Lines: Motorship William Penn *313
Barclay Curle & Company, Ltd.: Motorship Domala *100
Barges, Bids asked for building three steel (N) 798
Barges, Bids for two steel (N)..... 661
Barges, Bids received for five Diesel (N).. 337
Barges, Contract for three (N)..... 661
Barges, Electrically operated coal. C. W. Geiger *428
Barges for Rock Island, Bids asked for ten steel (N)..... 797
Barges, Proposals asked for construction of 9 (N) 800
Barges, steel bulk oil (N)..... 735
Barges, Tide Water Oil Company plans three new steel (N)..... 798
Barges wanted by War Department, Memphis, Seven steel (N)..... 799
Barkentine, List of sails for..... *132
Bath Iron Works: Passenger steamer..... 734
Battleships, control on modern. A. M. Charlton *198
Battleships win honors, Electrically propelled 569
Beardmore and Company, Ltd., William: Motorship Pinzon *373
Beardmore and Company, Ltd., William: Steamship Conte Rosso..... *365
Bench type spot welder: Taylor Welder Co. *252
Bendigo, Passenger steamer..... *702
Benton Transit Company: Steamer for Lake trade (N) 338
Bethlehem buys Simpson's Patent Dry Deck Company (N) 800
Bethlehem Shipbuilding Corporation: Hudson River Line steamer (N)..... 797
Bethlehem Shipbuilding Corporation: Repairs to transport Logan (N)..... 801
Bethlehem Shipbuilding Corporation: Shallow draft refrigerator steamers..... *173
Bethlehem Shipbuilding Corporation: Steamship Bethore *243
Bethlehem Shipbuilding Corporation: Cargo steamship Steebore *620
Bethlehem Shipbuilding Corporation: Steamships Chilore and Lehore (N)..... 528
Bethlehem Shipbuilding Corporation: Tanker R. D. Leonard..... *301
Bethlehem Shipbuilding Corporation: Tanker Fort McHenry *172
Bethlehem Shipbuilding Corporation: 10,000-ton dry dock *182
Bethlehem Shipbuilding Corporation: Turbine driven feed pump..... *696
Bethlehem Shipbuilding Corporation: Two coastwise steel freighters (N)..... 527
Bethore completed, Steamship..... *243
Bids for ships rejected by Shipping Board (N) 272
Bilge and ballast oil filter: Todd Shipyards Corporation *768
Bill of lading, New uniform export. W. Fawcett 162
Bills of lading, Standardizing ocean. R. E. Annin 607
Bintang, Motorship *649
Block for boat falls, Non-toppling: Steward Davit and Equipment Corporation..... *172
Blocks, ropes and chains for shipbuilding purposes. H. H. Thayer..... 790
Blohm and Voss: White Star liner Majestic *361
Blower for ventilating service: Coppus Engineering and Equipment Co. *252
Boiler feed water testing device: Precision Water Treating Company *642
Boiler scale investigation (P)..... 186
Boiler water level reproduced at distant points *699
Boiler water treatment, Marine. J. B. Patton *652
Boilers, Automatic water level adjusting device for *514
Boilers, Federal shipyard building nine 80-ton Scotch *632
Boilers: United States Army transport Madawaska (N) 273
Boom for shipyards if subsidy bill passes. W. M. Calder 535
"Bordereaux": Developments in marine insurance....13, 89, 165, 225, 288, 358, 420, 479, 544, 610, 709, 753
Boring bar, portable taper: Pedrick Tool & Machine Company *54
Bow, McLachlan & Co., Ltd.: Simplified steering gear *637
"Bover Superior" rivet cutter: Chicago Pneumatic Tool Company..... *782
Brabantia, Steamship (N) 141
Bragg, E. M.: Influence of shape of transverse sections upon resistance of moderate speed vessels..... *320
Bragg, E. M.: Study of the wake of certain models by means of a current meter..... 775
British India Steam Navigation Company: Motorship Domala *100
British regulations against the discharge of oil into navigable waters..... 727
British shipbreaking industry. London Correspondent *183
British Steam Navigation Company: Motorship Dumra *649
British steamship companies build motorships. Large. Special London Correspondent *305
Broken propeller blades replaced with aid of floating dry dock..... *630
Brunswick-Kroeschell Company: Ice machine equipment 769
Brush, Highspeed metal wire cleaning: Ingersoll-Rand Company *703
Brussels conference, Maritime history made at 743
Brunsgaard Krosternd and Company: Norwegian motorship Handicap..... *494
Builder's risks: Developments in marine insurance. "Bordereaux" 14
Bunting and felt for shipbuilding purposes, Canvas. H. H. Thayer..... *131
Bureau of Navigation report for new shipping (N) 272
Burmeister & Wain: Motorship Trollehlm *559
Burmeister & Wain: Norwegian motorship Teneriffa *431

C. Hiltebrant Dry Dock Company: Diesel-engined tug Transco No. 2 ..... *444
Cable steamer, Bids asked for (N) 207
Caldas to be overhauled, Steamer (N) 659
Calder, W. M.: Boom for shipyards if subsidy bill passes 535
Californian and Missourian, Motorships: Correction (P) 204
Californian and Missourian, New American motorships *93
Californian, Sea trials of the motorship *378
Calking machine, Deck: John McDowall & Sons *505
Calking materials for shipbuilding purposes. H. H. Thayer 55
Canadian Pacific steamer Princess Louise. R. Allan and A. F. Menzies *483
Canadian Pacific Steamships, Ltd.: Passenger steamship Montclare *700
Canal, Shipments via Panama 59
Canvas, bunting and felt for shipbuilding purposes. H. H. Thayer *131
Car ferry, River type steel: Contract (N) .. 337
Car float converted into a hospital (N) 594
Car float launched at Baltimore, Lehigh 546
Cargo carrier, 600-foot steel (N) 593
Cargo motorship Fordonian, Diesel electric. *111
Cargo motorship Hauraki *305
Cargo motorship Lochkatrine *305
Cargo offerings increased (P) 222
Cargo ships for the Eastern trade, Small motor. Special London Correspondent .. *649
Cargo steamer Hoosier State, Passenger and *38
Cargo steamer Modjokerto *621
Cargo steamer Steel Traveler *547
Cargo steamer Tjikarang *508
Cargo steamship Cynthiana (photograph) .. *438
Carriers, Relationship of rail and water. W. J. Wilgus 203
Casting metals by the centrifugal process: American Manganese Bronze Company .. 770
Catskill Evening Line, Freighter, plans and specifications out for (N) 465
Cement and concrete for shipbuilding purposes. H. H. Thayer 331, 391, 456
Central Steamship and Commerce Corporation: 257-foot Diesel electric cargo boats (N) 209
Centrifugal process of casting metals 770
Ceylon, New Tariff rates in 672
Chalkley, A. P.: The first motor passenger liner *31
Chain haul for hand hoists, Electric: New Jersey Foundry & Machine Company *719
Chains, blocks and ropes for shipbuilding purposes. H. H. Thayer 790
Chamber of Commerce to convene in Rome, International 514
Chamber of Shipping rules to prevent pilferage 725
Channel steamer Anglia (photograph) *292
Chapman, L. B.: The Still engine *265
Charles Ward Engineering Works: Bids for two steel barges (N) 661
Charles Ward Engineering Works: Diesel electric towboat (N) *735
Charles Ward Engineering Works: Stern-wheel lighthouse tender Greenbrier (N) .. 659
Charles Ward Engineering Works: Stern wheel towboat for Mississipi river *369
Charleston Dry Dock & Shipbuilding Co.: Dredge hull (N) 594
Charlton, A. M.: Ship control on modern battleships *198
Chicago Pneumatic Tool Company: New type rivet cutter *782
Chicago Pneumatic Tool Co.: Oil separator for air grinders *442
Chicago Pneumatic Tool Company: Oil vent *502
Chicago Pneumatic Tool Company: Wire brush attachment for air grinders *543
Chicago Steamer Exchange: Contract for new steamship (N) 338
Chilore and Lebore, Construction of steamships (N) 528
Chinese steamship Kutsang (photograph) *472
Christensen, H. A.: Oil engines versus steam for tugboats *121
Chronograph for launching observations. J. P. Comstock *394
Chuck, Toothed key and sleeve type. Jacobs Manufacturing Company *39
Circulator ("Compulsoree") for Scotch boilers: N. E. McClelland and Co., Ltd *520
Cleveland and Buffalo Transit Company: Two passenger steamers (N) 659
Cleveland-Cliffs Iron Company: Steel bulk freighter (N) 733
Close of the battle for independence on the seas. "Old Scotch" 410
"Clyde" deck calking machine: John McDowall & Sons *505
Clyde Line ships, Bids to be asked (N) 595
Coal barges, Electrically operated. C. W. Geiger *428
Coal carriers, steel: Contract placed for (N) 209
Coast Guard cutter Gresham, Re-boilering and reconditioning (N) 595
Coast Guard cutter Tampa, United States .. *15
Coast Guard cutters, Electric drive applied to. Q. B. Newman *15
Coastwise motor tug, American. E. A. Edwards *125
Coen Company: Air register 708
Coleman, H. C.: Diesel electric schooner yacht *433
Collier, Contract for self-unloading (N) 527
Colonna's Shipyard, Inc.: Railway dry dock *380
Combination portable drill and grinder: Wodack Electric Tool Corporation 186
Commerce shows marked upward trend, Water-borne 154
Commercial Pacific Cable Company: Supply ship (N) 660
Commonwealth Line: Australian steamship Moreton Bay *422
Compass adapted from Navy type: Sperry Gyroscope Company *698
Compass, Adjustments of the. C. H. Peabody *439
Compass, New airplane (P) 432
Compensation of shipping bill explained, Graduated. W. L. Marvin 671
Complete text of revised merchant marine act, 1922 415
"Compulsoree" water circulator for Scotch boilers: N. E. McClelland and Company, Ltd. *520
Compounding the internal combustion engine. E. A. Sperry *60
Comstock, J. P.: A simple chronograph for launching observations *394
Comus to be converted into oil burner (N) 526
Concrete and cement for shipbuilding purposes. H. H. Thayer 331, 391, 456
Conference of maritime nations proposed (P) 106
Congress and Shipping Board have begun to act. H. F. Lane 157
Consolidated Shipbuilding Corp.: Contract for Diesel-driven houseboat (N) 272
Consolidated Shipbuilding Corporation: Motor houseboat Zalophus *501
Constitution of Society of Naval Architects and Marine Engineers, Amendments to .. 778
Construction of passenger steamers, Design and. E. H. Rigg 40
Construction news, Marine (N) 71, 145, 210, 274, 340, 404, 466, 530, 596, 662, 736, 802
Conte Rosso, New Italian liner *365
Conte Verde, launching of 731
Contracts at yard of Federal Shipbuilding Company (N) 465
Contracts for Leviathan equipment (N) 339, 660
Contracts for first quarter (N) 337
Contracts with foreign shipping lines, Railroad. W. Fawcett 11
Contracts with Japanese steamship lines, cancellation of 161
Control for ships' ventilators: Ventilator Cap and Cowl Company *38
Control of modern battleships. A. M. Charlton *198
Control panels, Electric drive: General Electric Company 766
Controlling a floating dry dock with push-buttons. J. Goldsborough *327
Convention, Atlantic Coast Shipbuilders' Association (N) 403
Convention of Marine Engineers and Supplymen (N) *142
Convention: National Merchant Marine Association 227
Convention, Society of Naval Architects and Marine Engineers 690, 771
Cooper, I. C. G.: Fireboat John Purroy Mitchell *229
Cooper, I. C. G.: The most interesting job in the yard 135
Coppus Engineering and Equipment Co.: Blower for forced draft *252
Cornell and Matthews: Fireboat for New Orleans (N) 529
Correction: Motorships Californian and Missourian (P) 204
Cost accounting and estimating. H. H. Schulze 253
Cotton Plant: Great Lakes type freighter converted to oil burner *432
Courtois and Covedale to be converted into single screw ships (N) 593
Covedale reconditioned, Munson Line steamer (N) 734, 797
Cox and Stevens: Diesel-engined yacht (N) 273
Cox and Stevens: Motorship Jeannette Scott *788
Cox and Stevens: Motor passenger vessel (N) 594
Cox and Stevens: Steam pilot boat Maryland *302
Cox and Stevens: Stern wheel towboat designs *369
Cox and Stevens: Diesel yacht Dolphin *438
Cramp Ship and Engine Building Company: "Marimeter" 768
Cramp Ship and Engine Building Company: Automatic tank vent valve *767
Cramp Ship & Engine Building Company: Motorships Californian and Missourian *93, 556
Cramp Ship & Engine Building Company: Safety lifeboat releasing gear *696
Crane at Camden yard, 200-ton fitting out .. *383
Crane Company: Largest brass valve in the world 770
Cranes for shipyards and harbor service, Large. E. Krähnen *583
Creole, Reconditioning steamship (N) 339
Cunard Steamship Company: Passenger steamer Tuscania *613
Cynthia, Trial of Diesel engined yacht 520
Cynthiana, Steamship (photograph) *438
Dahl mechanical oil-burning equipment: Bethlehem Shipbuilding Corporation *767
Danish motor lightship. H. C. Snethlage .. *128
Danish motor tugboat *122
Data sheet: American coastwise and inland motor tug *126
Data sheet: Canadian Pacific steamer Princess Louise *487
Data sheet: Cargo steamer Steel Traveler .. *550
Data sheet: Fireboat John Purroy Mitchel .. *229
Data sheet: Motor passenger liner Domala. *102
Data sheet: Motorships Californian and Missourian *97
Data sheet: Turbo-electric ferryboats for New York City *300
Data sheet: Sea-going hopper dredge *234
Data sheet: Shallow draft refrigerator steamers *174
Data sheet: Steamship Conte Rosso *368
Data sheet: Steamship Leviathan *674
Data sheet: United States Coast Guard cutter Tampa *17
Dead freight detention and demurrage, Notes on. R. E. Annin 541
Deck and engine room auxiliaries, Application of electricity to. C. H. Giroux .. 239
Deck coverings. H. H. Thayer 193, 259
Deck loads, International regulation of 290
Defense, Ship subsidy is a retaining fee for national. "Old Scotch" 602
Demurrage, detention and dead freight, Notes on. R. E. Annin 541
Department of Commerce, Shipping activities of the. Waldon Fawcett 87
Department of Plant and Structures: Recommendations for funds for 1922 (N) ... 143
Derrick boat hull (N) 801
Derrick lighter Worthington, Diesel-engined *240
Design and construction of passenger steamers. E. H. Rigg 40
Design of marine machinery, Special requirements in. C. S. Gillette 723
Designer: The most interesting job in the yard. John Flodin 263
Details of naval design from Jutland. H. S. Howard 772
Detention of ships in port 10
Detention, demurrage and dead freight, Notes on. R. E. Annin 541
Developments in marine insurance. "Bordereaux" 13, 89, 165, 225, 288, 358, 420, 479, 544, 709, 753
Devices exhibited at the marine exposition, New *696, 767
Diamond Power Specialty Company: Soot blower head 770
Dickinson, Edgar D.: Electric auxiliaries on merchant ships *315
Diel-More Sales Company, Inc.: Automatic drain and relief valve *189
Diehl Electric Mfg. Company: Motorships Californian and Missourian *93
Diesel and steam engine: The Still engine. L. B. Chapman *265
Diesel barges, Bids received for five (N) .. 337
Diesel drive, Steam versus. J. E. P. Grant 290
Diesel driven generator set, two-cycle Worthington Pump and Machinery Corporation *697
Diesel-driven steel houseboat (N) 272
Diesel electric cargo motorship Fordonian, Trial of *111
Diesel electric dredges (N) 659
Diesel electric dredges, Bids for (N) 594
Diesel electric drive: Auxiliary schooner yacht Guinevere *23
Diesel-electric drive ships for Great Lakes (N) 798
Diesel electric drive: Westinghouse Electric and Mfg. Company 770
Diesel-electric ferries to be built for East River service, New York (N) 402
Diesel electric ferryboat for service in San Francisco harbor 377
Diesel electric generator sets for hopper dredges *781
Diesel-electric propulsion: Electric propulsion of ships: W. E. Thau *50
Diesel electric propulsion of ships. S. M. Robinson *107
Diesel electric schooner yacht Alcyone. H. C. Coleman *433
Diesel-electric seagoing dredges: Plans and specifications (N) *464
Diesel electric towboat (N) *735
Diesel electric tug for Mobile, Bids on (N) 660
Diesel engine: Compounding the internal combustion engine. E. A. Sperry *60
Diesel engine, Double acting marine *567
Diesel engine electric ferryboat. W. H. Wild *626
Diesel engine, Four cylinder two-cycle Sulzer. Special London Correspondent *443
Diesel engine, New M. A. N. Special London Correspondent *509
Diesel engine, New type of double-acting. Special London Correspondent *503
Diesel engine revolutions and propeller efficiency. A. J. C. Robertson *704
Diesel engined cargo motorship Hauraki *305
Diesel engined cargo motorship Lochkatrine *305
Diesel engined derrick lighter Worthington. *240
Diesel engined lighter Worthington, Performance of *521
Diesel engined motorship William Penn *313

QUESTIONS AND ANSWERS

Allowances for scrap in ship construction .. 730
Apertures in deadwood of twin screw vessels 138
Arrangement of buckets on side wheels 137
Auxiliary machinery, Weights of 334
Beam engine, Indicator cards from *589
Beam engine, Lining up a 137
Blow valves, Bottom 267
Boiler feed water, Density of 137
Boiler furnace, Oil heating coils in 397
Boilers, Comparison of 590
Bottom blow valves 267
Buckets on side wheels, Arrangement of .. 137
Calculation of lift of valve *459
Cause of break at point of admission on high pressure indicator card *522
Coils in boiler furnace, Oil heating 397
Comparison of boilers 590
Cut off, Point of 137
Deadwood of twin screw vessels, Apertures in 138
Density of boiler feed water 137
Derivation of resistance constant 793
Design of hand gear for steam or electro-hydraulic steering machinery 334
Development of shell plating *397
Earnings of the Leviathan, Probable 205
Engine, Lining up a beam 137
Engineers' licenses, Numbers on 137
Engines, Horsepower of multiple cylinder .. 65
Feed water, Density of boiler 137
Foul bottom, Resistance due to 730
Freeboard and metacentric height for a tug 334
Fuel oil heater: Pressure in coils to secure desired temperatures 64
Furnace, Oil heating coils in boiler 397
Hand gear for steam or electro-hydraulic steering machinery, Design of 334
Horsepower of multiple cylinder engines ... 65
Houseboat construction, Wood vs. steel 655
Hull and its screw propeller, Problem of .. 397
Hull and its screw propeller, Problem of the 522
Indicator card, Cause of break at point of admission on high pressure *522
Indicator cards from a beam engine *589
Lead sleeve in stern tube of wooden tug .. 64
Leviathan, Probable earnings of 205
Lift of valve, Calculations of *459
Licenses, Numbers on engineers' 137
Lining up a beam engine 137
Machinery, Weights of auxiliary 334
Marine Engineering problems 64
Mean effective pressure 267
Metacentric height and freeboard for a tug 334
Motorships vs. Steamships 793
Numbers on engineers' licenses 137
Oil heating coils in boiler furnace 397
Phenomena developed in tugboat trials, unexplained *459
Piston ring, Size of 137
Pitting of shafting and hull plating 205
Plating, Development of shell 397
Plating in shallow draft vessels, Thickness of shell 205
Point of cut-off 137
Point of maximum valve lead 267
Problem of the hull and its screw propeller 397
Problem of the hull and its screw propeller 522
Propeller problem 793
Pump: Capacity of, for hydrostatic test of boilers 64
Relative resistances of models and full size ships 655
Resistance constant, Derivation of 793
Resistance due to foul bottom 730
Resistances of models and full size ships, Relative 655
Scrap in ship construction, Allowances for 730
Shafting and hull plating, Pitting of 205
Shallow draft vessels, Thickness of shell plating in 205
Shell plating, Development of *397
Shell plating in shallow draft vessels, Thickness of 205
Ship construction, Allowances for scrap in. 730
Side wheels, Arrangement of buckets on 137
Size of piston ring 137
Speaking tubes on warships, Weight of 267
Specific gravity, Uses of 459
Steamships vs. motorships 793
Steel vs. wood for houseboat construction .. 655
Steering machinery, Design of hand gear for 334
Strakes of plating in steel vessels 64
Superheated steam: Is it a perfect gas? 205
Tail shaft: Wear down allowable 64
Thickness of shell plating in shallow draft vessels 205
Trials, Unexplained phenomena in tug boat *459
Tug: Metacentric height and freeboard for. 334
Tugboat trials, Unexplained phenomena developed in *459
Twin screw vessels, Apertures in deadwood of 138
Unexplained phenomena developed in tugboat trials *459
Uses of specific gravity 459
Valve, Calculation of lift of *459
Valve gear setting *731
Valve lead, Point of maximum 267
Valve setting problem 655
Valves, Bottom blow 267
Weight of speaking tubes on warships 267
Weights of auxiliary machinery 334
Wood vs. steel for houseboat construction. 655
